What can help me **spot trends and disruptive technologies early on**?

What is the best way to **optimize my IP portfolio**?

How can I best **monetize my IP**?

How can PatentSight+ help you?

DATA QUALITY AND COVERAGE

Get richer insights by incorporating new data types with rigorous quality checks, including SEPs data from IPlytics.

ACTIONABLE INSIGHTS

Increase depth and speed to insights through powerful AI-driven analytical capabilities.

IMPACTFUL VISUALIZATIONS AND COMMUNICATION TOOLS

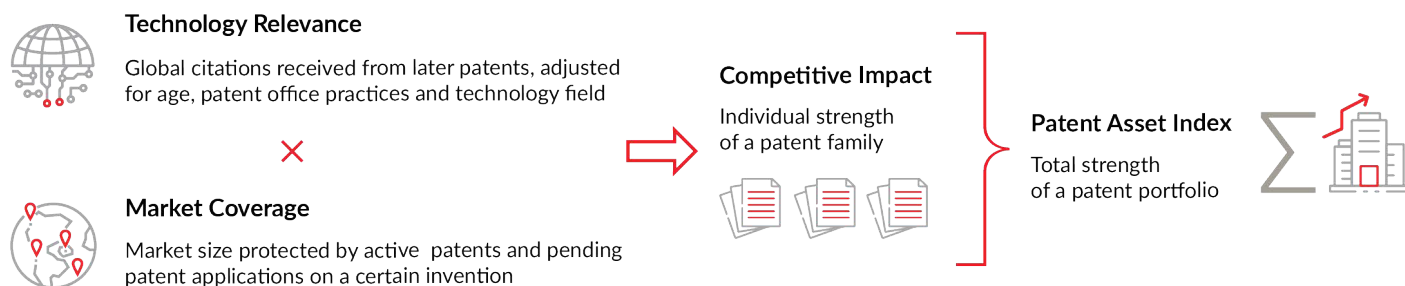

Optimize workflows, boost efficiency, and elevate IP awareness and storytelling through powerful visualization tools.

Gain intelligent insights from trusted data and proven metrics

As a scientifically developed, peer-reviewed and industry-proven patent value indicator, the PatentSight+ Patent Asset Index has become a standard method that is used globally and across industries for measuring the innovative strength of patent portfolios.

The unique PatentSight+ approach helps ensure consistently high data quality by:

- Assigning worldwide patents to their **ultimate commercial owners**.
- Providing **point-in-time** data for accurate trend analysis,
- as well as industry-leading, reliable information on **legal status**.

Ernst, H., Omland, N. (2011): The Patent Asset Index - A New Approach to Benchmark Patent Portfolios. World Patent Information 33, pp. 34-41.

"PatentSight+ provides a great visualization and landscape tool showing all the patent details. It provides insight into competitors' impact and IP strategy; it is a must-use tool for IP strategy development."
